

## About

UNISA INC is a loan servicing company dedicated to the Higher Education marketplace. Serving the needs of Public, Private, Non-Profit, and For-Profit Colleges and their alumni borrowers has been the focus of their business for over 30 years.

Campus based loan receivables like the Federal Perkins Loan Program have been UNISA INC's primary business. However, as the needs of their customers have expanded they have met that demand by designing and servicing Private Education Loans, Institutional Loan Programs, Tuition Payment Plans, and managing Student Account Receivables.

Private education lending shouldn't be an intimidating nightmare. UNISA INC can provide a comprehensive solution to the higher education financing dilemma and show you how to create compliant, enforceable, financing contracts between you and your students.

Private Education Loan disclosures and requirements can be electronically signed through a web based portal. UNISA INC can manage that contract from inception through payoff, economically and efficiently.

UNISA INC has a unique dedication to customer service rarely found in the financial services industry.

Please contact Director of Operations & Sales Matt Chinn toll free at 1-800-875-8910 or via email [customerservice@unisainc.com](mailto:customerservice@unisainc.com) for a discussion and demonstration of our systems and capabilities.
