

# Rome Student Systems and Standards Group (EU)

“From Rome to Dublin, momentum is building behind the area of Standards for the exchange of student and curriculum data between Higher Education Institutions and HE stakeholders at large. The Bologna Process is mandating attention to this theme and the HE sector is taking actions accordingly –the emerging **Rome Student Systems and Standards Group (RS3G)** is taking on the role of an influential reference point in this market.”

From “Report from the European workshop, 25<sup>th</sup> April 2008 in Dublin (IE),  
25 April 2008
