Permission to use, copy, modify and distribute the RSS 1.0 Specification Proposal and its accompanying documentation for any purpose and without fee is hereby granted in perpetuity, provided that the above copyright notice and this paragraph appear in all copies. The copyright holders make no representation about the suitability of the specification for any purpose. It is provided "as is" without expressed or implied warranty.

This copyright applies to the RSS 1.0 Specification Proposal and accompanying documentation and does not extend to the RSS format itself.

## Description

Provides support for resources that annotate, follow-up to, or reference other resources. Examples would include annotation system such as [crit](#), Usenet, and most web-based discussion groups. The module can be used in combination with other modules (e.g. [Dublin Core](#)) to provide additional information about resources.
