

Warning on Use

These materials have been collected from a number of different sources that were considered reliable and current when compiled. Bookmarks, thumbnails, and indexes have been added both automatically by computer programs and manually and are subject to error.

The compilation is intended as one of several references and each document should be read with its limitations in mind.

Many of these documents are drafts or versions that may have been changed or may be changed. More current copies may be available and should be used when authoritative sources are needed.

There is no expressed or implied warranty of any kind and the authors and publisher assumes no responsibility for errors or omissions.
